LOTS TO DO, SEE AND PHOTOGRAPH: The helicopter landing and takeoff has become an annual and favorite Faire attraction.

BIDDING 'FAIRE'-WELL TO THE BICENTENNIAL

It's happening next weekend and promises to be bigger and better than ever! The **19th Annual Temescal Valley Community Faire** on **Saturday, May 18** will have new events and new hours – 10 a.m. to 4 p.m., and again will be held at Deleo Park.

More than 100 folks have signed up for the **Bicentennial 5k-10k Run/Walk** that will start at 8 a.m. at Deleo Park. Trophies for first through third place finishes in the running events will be awarded at 9:30 a.m. **Bob Hafner**, of Horsethief Canyon Ranch, is heading up the race.

Although online registration has closed, late signups will be accepted from 4 to 7 p.m., Friday, May 17 at Deleo Park and the morning of the race. To learn more about the event:

temescalvalley.racewire.com

The Faire, which starts an hour earlier this year, will feature all the popular **FREE!** attractions from past faires -- games, prizes, arts & crafts, bouncers, petting zoo, train rides, face-painting, live local entertainment, and all-you-can-eat watermelon. **Nightshift**, Temescal Valley's own classic-rock band, again will be performing.

Other events are the **Watermelon-Eating Contest** (sponsored by **Glen and Kelly Nelson**, Wildrose Ranch); **Pet Show** (**John Watson**, Wildrose Ranch, **Kelli Noss**, Horsethief Canyon Ranch and **Amie Kinne**, Dawson Canyon); **Photo Contest** (**Rob Mucha**, The Retreat), and **Old-Fashioned Cakewalks**, (**Mary Witten**, Sycamore Creek).

All food items – hot dogs, soda, popcorn, cotton candy and snow cones – are still priced at **50-cents each**. Nachos have been added to the menu this year.

Since the Faire signals the end of the year-long **Temescal Valley Bicentennial Celebration**, an 1800s-themed **Costume Contest** is planned. Participants in three categories – kids, adults and families are invited to don their best garb from the 1800s – whether mission life, Old West, Pioneer or Gold Rush eras.

The **Temescal Heritage Foundation** will have a “closeout sale” on bicentennial merchandise – T-shirts for \$15, and mugs and aprons for \$10. New license plate frames will be available for \$5 each or a set of two frames for \$8.

According to **Sam Yoo**, president of the Heritage Foundation which sponsors the Faire, “Every year we plan a full day with lots of free family fun and affordable food prices. But this year as we end our Bicentennial Celebration, and with the inclusion of new events, the 19th annual Faire promises to be very special and the best yet.”

Other Faire Committee member are **Tracy Davis**, Wildrose Ranch; **Cathie and Dan Smith**, Sycamore Creek; **Jannlee Watson**, Wildrose Ranch; **Don and Helen McGlaughlin**, Hot Diggity Dog, and **Art Marquez**, El Sobrante Landfill.

Finally, the Faire could not happen without the support and participation of many Temescal Valley residents. A big thank you to the **116 volunteers** who signed up this year to staff the food booths and assist with other Faire activities. You'll spot them easily – they are the folks who will be wearing the white Community Faire baseball caps.

Green waste recycling coming to Temescal Valley

County sets May 21 public hearing for annual increase and new recycling costs

Starting in July, green waste recycling will be added to the **Waste Management** services contracted by the county for trash collection in unincorporated areas.

Although at this time there is no legislation in place that mandates organic recycling for single-family residences, new language and revisions to **SB 1383**, expected to become law at the end of this year, would make organic recycling, including green and food waste, mandatory for everyone.

Announcing the new recycling plan, **Lily Quiroa**, area community relations manager at Waste Management, told attendees at the May 8 **Temescal Valley Municipal Advisory Council** meeting that the local trash hauler has had many requests for green waste recycling and now the state's **CalRecycle** is mandating they provide it.

The new service isn't free, and Waste Management customers will see an increase in their quarterly bills from \$64.05 to \$79.56. Quiroa told the audience the monthly cost for services received now is \$21.35. The addition of green waste recycling will bring the monthly total to \$25.75, plus an annual increase based on the **Consumer Price Index** (CPI), of 3 percent will add another 77-cents to the monthly charges.

Unlike the current every-other-week recycling service offered for paper, cardboard, glass, plastic bottles and aluminum cans, the green waste will be collected weekly.

Quiroa said Waste Management will begin placing the green waste bins throughout Temescal Valley in July and that she and **Art Marquez** are scheduling meetings with HOA boards to discuss the new program. She said letters will be sent to households about the new program, including a schedule of when it will begin and details about the cost of service.

But the information may reach Waste Management customers "after the fact." According to **Tricia Almiron**, legislative analyst for **Supervisor Kevin Jeffries**, a **Board of Supervisors' public hearing** will be held **Tuesday, May 21** for the annual update of

6th graders must show proof of immunizations prior to 7th grade

Do you have a 6th grader who will be entering the 7th grade next school year? To protect children against serious illnesses, California law requires that all incoming 7th graders get a whooping cough booster shot (Tdap), and two doses of chickenpox vaccine before starting 7th grade.

For parents who signed a personal beliefs exemption prior to Jan. 1, 2016, according to state law your child must get immunized or you can provide school districts with a signed medical note from a California doctor that states a reason why the immunization cannot be given.

Proof of immunizations can be turned in at the school your 6th grader currently attends.

SOON TO BE SEEN: Waste Management will begin distribution of green-waste recycling bins in July.

the county ordinance governing fees charged for waste collection services. The ordinance is updated each year to reflect the 3 percent CPI increase, as well as the costs for any new services.

As with all public hearings, comments either in favor or opposed to the agenda item can be sent to the county prior to the meeting or orally presented during the hearing. The 9 a.m. May 21 board meeting will be held at the county's Administrative Center, 4080 Lemon St., Riverside. Comments also can be emailed to **Kecia Harper**, Clerk of the Board: cob@rivco.org.

For information about Waste Management's green waste recycling program, contact **Art Marquez**: **951-277-5112**

A BICENTENNIAL MOMENT . . .

Wildfires are not a new occurrence in Temescal Valley.

In her book, "The Southern Emigrant Trail through Riverside County," Anne J. Miller in the Temescal Valley chapter writes: "After leaving Laguna (Lake Elsinore), in August 1849, William Goulding noted that he and his companions traveled over 'many hills and valleys with several volcanic mountains continually in view, amusing our eyes with the volumes of smoke now and then bursting therefrom.'"

Miller continues, "Occasionally there were mentions of smoke coming from what were thought to be volcanoes but were actually wildfires. Only when these wildfires were clearly visible was it evident that they were not volcanoes."

Recent studies of tree rings in the Sierra Nevada have shown that as early as the 1600s Native Americans used a system of burning practices to manage their resources.

Learn more historic facts on our bicentennial page: WeAreTV.org/Bicentennial/. Please join us at 9 a.m., **Saturday, May 25** for our next Bicentennial Committee meeting in the Temescal Room at the Trilogy Lodge, 24503 Trilogy Parkway.

Bicentennial mural project ends with 2 new paintings

Tracy Davis, chairwoman of the **Bicentennial Murals** project, has done a fantastic job! Two more murals have been painted this year joining the two that were painted last year – **Temescal Valley Elementary School** and the **Community Room** building at **Deleo Park**. The new murals can be seen at **Todd Academy** and **Luiseno School**.

The mural chosen for Todd was based on a citrus theme in honor of the school's namesake, **Dr. Bernice Jameson Todd**. It was painted as a replica of the Jameson Brand citrus crate label – her father was **William Henry Jameson II**, a citrus and avocado rancher in early Corona.

The Luiseno School mural depicts a Live Oak branch and acorns to honor the **Luiseno Native American** heritage in the Temescal Valley area. Acorns were a staple food source for the Luiseno and their importance is still recognized today in the “Great Oak” seal of the **Pechanga Band of Luiseno Indians**.

Each mural took a week to paint by community volunteers under the direction of artist **Kathryn Duncan**. Volunteers that worked on both murals were **Laura Jannuzzi, Shruthi Rajamani, Crystal Crete-Sleema, Xiomara Hiller** and, of course, Tracy.

Volunteer painters for the Todd mural were **Kimberly Kamon, Rebecca Moellmer-Shipek, Lucy Santos-Burnett, Tiffany Friesen Doran, Krissy Brantsma, Leslie Kahle, Mary Lois Fox Petito** and **Morgan Bane**.

Lending a helping hand with the Luiseno artwork were **Melanie Johnson, Tonya Lawson, Mary Balazs, Jennifer Nay** and **Kelli Noss**.

Of all the Bicentennial activities this past year, perhaps the murals will stand as the most lasting remembrance of the community celebration for **Temescal Valley's 200th birthday**.

TODD ACADEMY: A citrus theme was chosen for the school located in Sycamore Creek.

LUISENO SCHOOL: An acorn theme was chosen for the school located in Horsethief Canyon Ranch.

Meeting set May 15 with AQMD to discuss PurpleAir sensor data

Representatives of the **South Coast Air Quality Management District (SCAQMD)**, will meet with Temescal Valley residents at 6 p.m., **Wednesday, May 15**, in the Tahoe Room of the Trilogy Lake Center, 24477 Trilogy Parkway.

Workshop topics will include the status and updates on the **STAR Grant** project and a preliminary analysis of data collected from the **50 PurpleAir sensors** that were distributed throughout Temescal Valley in July.

The small, portable, low-cost sensors give the AQMD the capability to measure air quality at the community level, instead of regionally.

According to **Jerry Sincich**, chairman of the **We Are Temescal Valley Development Committee**, “This workshop will allow us to discuss with AQMD our sensor data and compare our findings with theirs.”

Sincich continued, “Our long-term objective is to move us closer to gaining a Temescal Valley monitoring station. We need good attendance at this meeting to show the ACMD that air-quality issues here are a major concern to residents.”

While this meeting should be a “must attend” for residents who were given a free sensor, anyone interested in air-quality issues is welcome to participate.

Learn more about the sensors and why Temescal Valley was chosen for the program:

- **We Are Temescal Valley Identity and Beautification Committees:** 6 p.m. and 7 p.m., respectively, **Thursday, June 6**, Tom's Farm Old-Fashioned Hamburgers
- **We Are Temescal Valley citizens' group:** 8:30 a.m., **Saturday, June 8**, Trilogy Lake Center, 24477 Trilogy Parkway.
- **Temescal Valley Municipal Advisory Council:** 6 p.m., **Wednesday, June 12**, Trilogy Lodge, 24503 Trilogy Parkway.

APRIL PHOTO WINNER

The theme was "Shadows." Congratulations to **JANNLEE WATSON**, a Wildrose Ranch resident, for this photo titled "Score!"

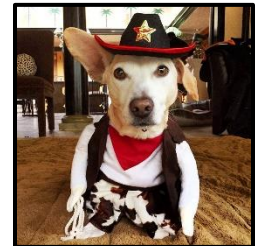

CALLING ALL PHOTOGRAPHERS! In addition to the big annual photo contest at the Faire, the theme for June's monthly contest is "Temescal Valley Goes to the Faire." The winner of this contest will receive a super-duper Gift Basket! It's easy to enter the monthly contests. Photos must be shot by Temescal Valley residents – limit five photos per photographer. Tell us who you are and in which Temescal Valley community you reside. Give your entries a title. Shots are due by Friday, May 31.

Email the photos and info to:

tvfairephotos@gmail.com

And while you're at the Faire, stop by the Photo Booth and vote for your Best of Show choice!

SPEAKING OF THE FAIRE: Have you entered your pooch in the Pet Show? In addition to Best Trick, You Ain't Nothing but a Pound Dog for rescues and Judges Choice, the Best Costume has this year taken on a Bicentennial 1800s theme. Think pioneer, Gold Rush, Old West. Learn more here:

Rattlesnake Avoidance Training for Dogs

For one day only, join us at the Sycamore Creek Interpretive Center for a unique dog training experience. The skilled trainers with Snakeworx will work with you and your dog on rattlesnake avoidance skills. The Temescal Valley is a high snake area and late summer is the height of snake hatching season. Anyone that hikes, bikes or walks with their dog can benefit from this class. Help your dog learn lifesaving skills. Snakeworx uses muzzled live snakes in their training sessions. No snakes are harmed during training.

#rebootmy COMMUTE

We Are Listening

We know you are frustrated by traffic, late trains, potholed streets, and how long it takes for improvements to happen. We are frustrated too. The status quo must change. This is why today RCTC is announcing our new public outreach initiative #RebootMyCommute, an opportunity for you to say how and where to spend our limited transportation dollars to make the biggest impact in Riverside County.

Solving transportation challenges requires teamwork, and RCTC has made it easy for you to share your ideas. Visit rebootmycommute.org, send a text message, connect with us through social media, or call us – we want to hear your story. Post photos and videos and tell us your experiences – good and bad – on the road, bus, train, bike, or sidewalk. We want to know what transportation projects matter most to you. We also want to know the services that seniors, students, veterans, and people with disabilities need to live full and independent lives.

Chuck Washington, Chair
Riverside County Transportation Commission
